Hardware

AW

It's said that you never get a second chance to make a first impression. With Ashley Norton entry hardware, you won't need one. The company has presented its Rectangular Suite, a simple yet elegant entry set featuring a clean rectangular shape with a beveled edge. Designers and homeowners alike can select from an array of meticulously styled escutcheons, levers, and knobs to create a welcoming look reflective of their unique personality. Each element of the Rectangular Suite is handcrafted from art-grade bronze or solid brass. Plus, with a variety of artisan-applied finishes to choose from, the suite complements and enhances the appeal of any façade.

More than just entry door hardware, the collection includes interior knob and lever sets, coordinating cabinet hardware and appliance pulls, sliding door sets, door hinges, window hardware, home accessories, and more for a cohesive hardware look throughout the entire home. Plus, each piece is available in a wide spectrum of durable, resistant, and long-lasting finishes. The entire collection of Ashley Norton architectural hardware is available at leading kitchen and bath dealers throughout the United States.

Established in 1987, Ashley Norton offers a vast collection of handcrafted architectural hardware to suit even the most discerning designers and homeowners. Using only the finest art quality solid bronze and solid brass, Ashley Norton's highly skilled craftsmen produce each piece in the collection, including interior handlesets, entry handlesets, cabinet pull handles, cabinet knobs, appliance and door pulls, bath hardware, and other home accessories. The resulting one-of-a-kind texture and patina makes each individual element a personalized work of art. From contemporary to traditional, the array of designs, finishes, and styles Ashley Norton offers allows one to make a cohesive design statement throughout the entire residential, commercial, or hospitality project. The company is proud to offer one of the most diverse collections of architectural hardware in the industry, always with a focus on environmental responsibility and impeccable customer service.
