**1** The hooks on **Resource Furniture's** Piano wall-mounted organizer sit flush when not in use and pop out for easy access. Two sizes are available in white, black, walnut, and oak finishes. [RESOURCEFURNITURE.COM](http://RESOURCEFURNITURE.COM)

**2** Created to honor the angular furniture designed by Marcel Breuer and Le Corbusier, **Nest Studio's** Tubular series of knobs and pulls is offered in three shapes and finishes for flexibility. [NESTSTUDIOCOLLECTION.COM](http://NESTSTUDIOCOLLECTION.COM)

**3** Finished with a handbrushed texture, **Ashley Norton's** Burnished Brass hardware evokes an aged look while retaining a luxurious aesthetic thanks to its golden tone. [ASHLEYNORTON.COM](http://ASHLEYNORTON.COM)

**4** Taking cues from the twists of David Yurman's iconic cable bracelet, **Belwith Keeler's** Sybil ring pulls come in three finishes: brushed golden brass, matte black, and satin nickel. [BELWITH-KEELER.COM](http://BELWITH-KEELER.COM)

**5** Designed by **Thom Filicia for Accurate**, the Hex knobs from the Henderson collection add subtle sophistication to tables or casegoods with a jewel-like hexagon shape in an array of metallic finishes. [THOMFILICIAFORACCURATE.COM](http://THOMFILICIAFORACCURATE.COM)

**6** **Rocky Mountain Hardware** collaborated with architecture firm RAMSA on the Oasis collection, which combines amorphous lines and bronze finishes, as seen in the Ophelia and Portia cabinet pulls (shown). [ROCKYMOUNTAINHARDWARE.COM](http://ROCKYMOUNTAINHARDWARE.COM)
