What's New

LED fixtures wash over exterior surfaces

WAC LANDSCAPE LIGHTING introduces Surface Mount Indicator LED Light Fixtures. Easy to install, saving installation time and avoiding core drilling holes in a patio or driveway, the LED Indicator Fixtures mount right on top of the desired surface. The LED 2-inch 12-Volt Indicators are round and directional, providing soft, diffused illumination that washes walkways and other exterior spaces. The luminaires are available in stainless steel or bronzed stainless steel finishes. walandscape-lighting.com

Porcelain tile inspired by ancient heritage

DALTILE debuts its new Scrapbook glazed porcelain tile collection, which offers vintage-inspired decorative 8-inch hexagons with corresponding 2 by 8 floor tiles. Scrapbook features concrete visuals that are available in perfectly muted colors. Its decorative hexagons, solid hexagons, and complementary solid 2 by 8 floor tiles can seamlessly combine or stand alone in various patterns, adding comfort and the visual of handcrafted beauty to any residential or commercial space. daltile.com

Laundry pair created for homes with pets

MAYTAG presents the Maytag Pet Pro System, a laundry pair designed to visibly remove pet hair. The Maytag Pet Pro System works as a complete laundry solution to help pet parents tackle the burden of pet hair. In the washer, the Pet Pro option unleashes additional water and a deep rinse to activate the Pet Pro Filter, a pet hair filter in the washer, removing five times more pet hair from clothes. In the dryer, the Pet Pro option lifts and traps loads of pet hair with an XL lint trap. maytag.com

Durable surface pays tribute to craftsmen

COSENTINO launches Dekton Kraftizen, the first large-format stucco material of its kind. Designed specifically for flooring and cladding, Kraftizen pays homage to craftsmanship techniques while drawing inspiration from Venetian stucco. The collection has industry-leading durability in five diverse hues with a deep, rich texture. A technique refined through technology creates a durable surface that delights the five senses through textures and volumes, silky and extra matte colors. cosentino.com

Lighting optimized for whole-home usage

LEGRAND creates a robust, dedicated network that can support advanced control of lights and power in any home environment with adorne and radiant with Netatmo solutions. The solutions install in place of standard switches and outlets, and they can be easily set up in just a few taps, connecting to a host of leading home automation systems. The battery-powered, wireless smart switches and dimmers allow users to add three-way lighting control anywhere they want it. legrand.us

Suspension lamp mimics planet trajectory

LODES collaborates with Slovenian designer Nika Zupanc to introduce Elara, a minimal yet sculptural suspension lamp. The name Elara connotes astronomy and Greek mythology, and its geometric design mimics the trajectory of the planets within the universe. Inspired by astral motion, the lamp is characterized by two metal rings, one of which can be set at various angles to produce fluidity and movement, and a small sphere at the bottom that contains the light source. lodes.com

Multi-zone system provides compatibility

MIDEA launches the new Midea EVOX Multi-Zone System in the U.S., equipping HVAC service providers with flexible and affordable product and system combinations that can seamlessly mix and match ducted and ductless configurations across multiple applications with up to five zones per heat pump. The EVOX multi-zone heat pump system is ideal for new home installations or replacing older central systems in any weather climate with highly efficient inverter technology. midea.com

Floor drain ensures reliable performance

SCHLUTER SYSTEMS expands its offering of drains to include the KERDI-DRAIN-F, a floor drain designed with a flat, narrow bonding flange to facilitate tight installations against walls, in corners and in floors without a slope. Perfectly suited for wet rooms, bathroom floors and other applications that require waterproofing and drainage, KERDI-DRAIN-F is designed for use in tiled floors in conjunction with all Schluter-DITRA and Schluter-DITRA-HEAT membranes. schluter.com

Smart lock automates with latest products

ARRAY BY HAMPTON announces the release of its flagship product, the Connected Door Lock. Powered by the Array by Hampton app, users can create personalized schedules and automations that trigger actions with other Array devices, such as having Array lights turn on automatically when the door is locked or unlocked. The lock can be used with a traditional key, locking and unlocking from a smartphone, or with hidden keypad. Users can create custom codes for access. array.care

Cup pulls give cabinets pop of personality

ASHLEY NORTON offers even more options for adding personal style throughout the home with its Cup Pull Collection. True to its reputation for offering a vast array of architectural hardware styles and finishes, the company's collection of cup pulls spans the spectrum from traditional and transitional to industrial and modern. Also known as bin pulls, this ergonomic style of cabinet pull is a popular choice for some of today's most notable and luxurious kitchens and baths. ashleynorton.com
