

Kitchen and Bath Products

Inspired choices

New technologies, improved materials, and innovative designs create an array of options for your kitchen and bath that look great and perform even better

BY NICOLE ESPOSITO-POLLY AND JILL CONNORS

1] Cool Beauty

From the British design duo known for kitchen fixtures in authentic aged brass comes this high-arc bridge faucet with an antique silver look. The aged living finish never needs polishing. *From \$900; devolkitchens.com*

2] Innovative Fridge

This 30-inch column isn't just sleek and stylish: It uses LEDs in the crisper drawers that switch between red, green, and blue to mimic the 24-hour cycle of natural sunlight, keeping produce at its peak—at least as confirmed by testing of its vitamin A and C levels. *From \$1,999; beko.com*

3] Thin and Rich

Get the look of a slim porcelain countertop for less with Thinscape, a stain-resistant ½-inch composite made of resin and paper. With two finished faces, it can be installed with basic woodworking tools. New designs include Soluna (shown) and Pietra Noir. *From \$28 per square foot installed; wilsonart.com*

4] Material Mix

Give cabinets a new look with hardware that combines the organic warmth of oak or walnut with on-trend metals like matte-black or shine-free stainless steel with Siro's Wood + Die-cast

Collection. *From \$25; myknobs.com*

5] Stylish Vanity

Nab a bit of Studio McGee's classic-meets-modern style with the 36-inch Seagrove vanity. Its details include tapered legs, a quartz top, and flush drop ring pulls, in Light Clay (shown) or Dark Warm Grey—part of a collab with Kohler. *\$3,332; kohler.com*

6] A New Slant

This angled undercabinet vent hood funnels steam, smoke, and odors to a baffle that automatically opens up to 90 degrees and keeps operating for 2 minutes after shutoff. It's 30 percent more efficient at capturing impurities at a low 39-decibel noise level, too. In black (shown) or silver-gray tempered glass. *From \$1,199; us.fotileglobal.com*

7] Influential Sphere

Perfect over a bath sink, this globe light combines timeless styling with solid brass construction and opal glass shades. In aged brass (shown), oil-rubbed bronze, polished nickel, or brushed nickel. *\$449; rejuvenation.com*

8] Cooking Smarts

Place any compatible pan on one of this 24¾-inch 7000 Series induction cooktop's three zones, and it adapts to the size.

Need to step away for a moment? A single button reduces all zones to the lowest power level. *\$1,999; mieleusa.com*

9] Support Structure

These matte-black grab bars are ADA-compliant, good-looking, and easy on the wallet. Another plus: They coordinate with an entire plumbing and bath accessory collection in the same modern style. *\$99 each; peerlessfaucet.com*

10] Cleaning Up

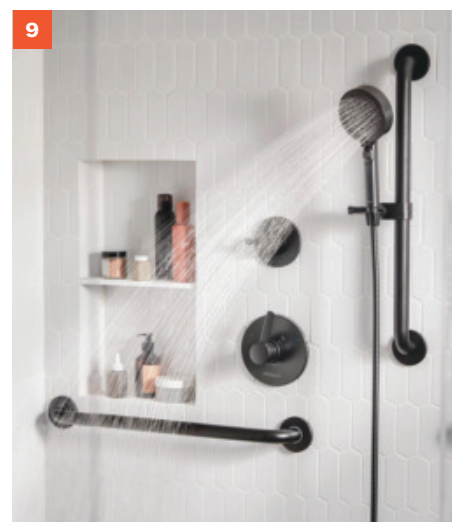

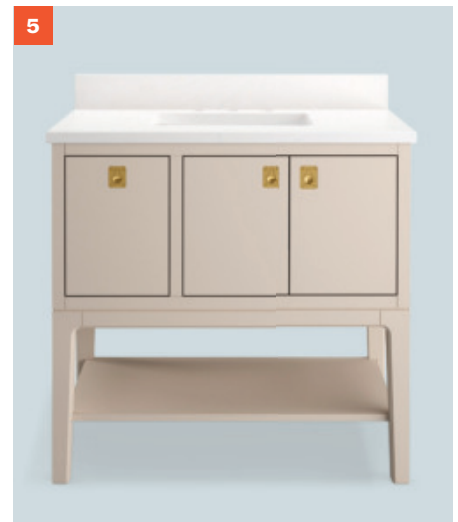

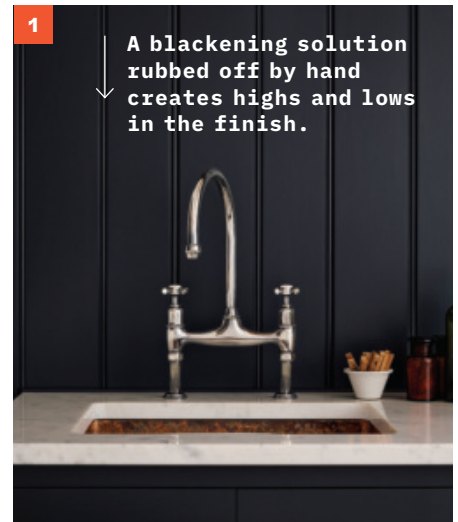

No more arguing over how to load the dishwasher: The 800 Series' power-control spray arm targets any one of four lower-rack quadrants. Also comes with a leak-detection system and hands-free voice control. *From \$1,299; bosch-home.com*

11] Copper Beauty

A lustrous way to perk up a powder room: this vessel sink made of 16-gauge copper and measuring 18 inches across. *\$409; signaturehardware.com*

12] Artful Tile

Get the undulating surface texture of handcrafted tile without the install hassles of irregular shapes and uneven edges. The series comes in seven subtle shades, including Dune, Aloe, Fern, and Cotto (top to bottom), and 4x4, 3x12, and 1x6 sizes. *From \$11 per square foot; daltile.com*

13] Splurge Worthy
Put this handmade glass pendant over the kitchen sink—or anywhere else you want a charming accent. The shade measures nearly 9 inches; the lamp holder is aged brass with a matching ceiling rose. In Chartreuse (shown) or Cranberry. From \$450; devolkitchens.com

14] Comfort and Joy
The Artifacts freestanding tub combines heirloom elements like its ball-and-claw feet with a spirited new color: Spring Green. At 66½ by 32½ inches, its enameled cast-iron form offers integral lumbar support on both ends. Also in Peachblow. \$6,122; kohler.com

15] Fido Ready
With dynamic water currents and dual pet-hair filters that can be removed for cleaning, this washer helps keep pet-friendly households fresh. The matching dryer's sensors target pet odors. In Brushed Navy (shown) or white. From \$2,098 for both; samsung.com

16] Works Wonders
Workstation sinks let you prep and clean all in one spot, increasing efficiency in kitchens large and small. This 32-inch-wide single-bowl version comes with a colander, a drying rack, and a cutting board that slide along the built-in ledge. Its 18-gauge stainless steel has a proprietary noise-reducing design, too. Also in double-bowl and apron-front models. From \$1,075; moen.com

17] Multiple Modes
This 30-inch slide-in range offers a lot of features for the money. The induction

cooktop automatically chooses the best power level to boil, simmer, or melt; the elements automatically turn on when detecting a pan; and two of its four cooking zones combine to create a griddle-ready bridge. To please hungry kids, use the convection oven's air-fry setting to quickly crisp foods. \$3,999; jennair.com

18] Shine Time
From the brand that created the gold standard in faucet finishes comes the new Brilliance Black Onyx: a glossy, dark, modern look, seen here on the cross-handled Levoir lav faucet. From \$1,135; brizo.com

19] Tangle-Free
Cordless tools move from the workshop to the kitchen with this 7-speed hand mixer and five other small appliances that use the same battery charger—all in stylish matte black. \$130; kitchenaid.com

20] Spa Treat
Bring the benefits of steam to your bath: Go basic with the SimpleSteam Kit (shown in Lumicoat Stainless), which includes a generator, steam head, and digital control. Or customize with the SteamScape Classic or Deluxe systems, which offer from 2 to 12 presets, so everyone can step into the steam experience they want. *SimpleSteam Kit*, from \$1,700; *SteamScape Classic or Deluxe*, from \$1,218 and \$1,850, generator not included; deltafaucet.com

21] Sheds Water
Elements Ultra laminate flooring offers hardwood's look and texture, an antimicrobial and waterproof finish, and watertight joints that make it a slam dunk in a kitchen or bath. In 16 oak or hickory shades, including Monument Grey Oak (shown). From \$4.99 per square foot; pergoflooring.com

22] One-Piece Ease
Integrating a toilet's tank and bowl creates a low-profile silhouette that's also easier to keep clean. The Brazin model is more compact, too: Its elongated bowl offers comfort in the same footprint as a round-front bowl. In white (shown) or matte black. From \$1,498; kohler.com

23] Fits Right In
With its sleek lines, this 30-inch over-the-range microwave sits flush with standard wall cabinets. It also has a retractable vent, a turntable-free design, and a tap-to-open door that reveals the interior control panel (inset). In stainless steel (shown), white, black, and black stainless steel. From \$539; whirlpool.com

24] Well Crafted
Hand-forged using blacksmith techniques, the hammered finish of this cabinet hardware brings adding a textural touch to a whole new level. Available in pulls, knobs, and lever handles, it looks its best in satin brass (shown), polished nickel, or polished chrome. From \$30 each; ashleynorton.com ■
